

Information Processing Engineer Resume

Wednesday, March 6, 2024

Full Name	TRAN TUAN PHUONG	Gender	Age	Years of IT Exp	TEL	Email	Foreign Language Proficiency											
		Male	32	7 years	0906281911	neo.t2p@gmail.com	Japanese	Other Languages										
							N1 Level (JLPT)	English: read, write										
Educational Background	Graduation Date		School Name		Major/Department of Study		Highest Education Level											
	2016		Chiba University		Mechanical Engineering Department													
Licence Qualification	Year	Month	Licence - Qualification															
	2012	7	N1 Level (JLPT)															
Self-PR Advantages/disadvantages	I have the mindset to apply that knowledge to system development and strive for the optimal system.																	
Skills Experience	<p>[IT Experience] 4 years</p> <p>[Development Environment]</p> <p>Language: Ruby</p> <p>DB: PostgreSQL, MySQL</p> <p>Framework: ROR</p> <p>OS: Ubuntu, Linux</p> <p>Others:</p> <p>[Process] Development process, testing, basic design, DB design</p> <p>[Business Field] Sales systems, ERP systems, matching systems, platform systems</p> <p>[DevOps] AWS(2 years), gitlab CI, circle CI</p>																	

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
1	2/2017 ~ 12/2018	[Company] ITSOL		<input type="checkbox"/> Research/Requirements	Position
		[Project Name] CHARLIE	Language: Ruby On Rails	<input type="checkbox"/> Basic design	
		[Business field]: System for selling horses	OS: Linux	<input type="checkbox"/> Detailed design	
		[Assigned Tasks]	DB: MySQL	<input checked="" type="checkbox"/> Implementation	
		- Develop functionality from detailed design and perform testing.		<input checked="" type="checkbox"/> Unit testing	
		- Assign tasks to team members.		<input type="checkbox"/> Integration testing	
		- Progress management and daily reports.		<input type="checkbox"/> System testing	
		[Skills required]		<input type="checkbox"/> Monitoring operations	
		- ROR development skills, management skills		<input type="checkbox"/> Acceptance test	<input type="checkbox"/> PM (Project Manager)
		[Comments]		<input type="checkbox"/> Others	<input type="checkbox"/> PL (Programming)
					<input type="checkbox"/> Sub-leader/Assistant
					<input type="checkbox"/> BrSE
					<input checked="" type="checkbox"/> Members

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
2	12/2018 ~ 2/2019	[Company] ITSOL		<input type="checkbox"/> Research/Requirements gathering.	Position
		[Project Name] SONPO	Language: Vue	<input type="checkbox"/> Basic design	
		[Business field]: System for finding car repair shops.	OS: Linux	<input type="checkbox"/> Detailed design	
		[Assigned Tasks]	DB: MySQL	<input checked="" type="checkbox"/> Implementation	
		- Basic design, DB construction, function implementation		<input checked="" type="checkbox"/> Unit testing	
		[Acquired skills]		<input type="checkbox"/> Integration testing	
		- Skills in NextJS, integration with LINE		<input type="checkbox"/> System testing	
		[Comments]		<input type="checkbox"/> Monitoring operation	
				<input type="checkbox"/> Acceptance test	<input type="checkbox"/> PM (Project Manager)
				<input type="checkbox"/> Others	<input type="checkbox"/> PL (Programming)
					<input type="checkbox"/> Sub-leader/Assistant
					<input type="checkbox"/> BrSE
					<input checked="" type="checkbox"/> Members

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
		[Company] ITSOL		<input type="checkbox"/> Research/Requirements gathering.	
		[Project name] TADAIMA		<input type="checkbox"/> Basic design	
		[Business field] Volunteer matching system	Language: Ruby On Rails	<input checked="" type="checkbox"/> Detailed design	
		[Assigned Tasks]	OS: Linux	<input checked="" type="checkbox"/> Implementation	

3	2/2019 ~ 8/2020	- Create basic design based on requirements. - Request detailed design from team members based on basic design. - Build DB, GCP infrastructure - Implement functionality - Perform post-operation maintenance and support [Skills acquired] - GCP skills, ROR skills, Nextjs [Comments]	DB: Postgres	<input checked="" type="checkbox"/> Unit testing	Position <input type="checkbox"/> PM (Project Manager) <input type="checkbox"/> PL (Programming) <input type="checkbox"/> Sub-leader/Assistant <input checked="" type="checkbox"/> BrSE <input type="checkbox"/> Members
				<input type="checkbox"/> Integration testing	
				<input type="checkbox"/> System testing	
				<input type="checkbox"/> Monitoring operation	
				<input type="checkbox"/> Acceptance test	
				<input type="checkbox"/> Others	

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
4	8/2020 ~ 8/2021	[Company] ITSOL [Project Name] ZWEI [Business field] Marriage partner matching [Assigned Tasks] - Implement from detailed settings - Batch development from large amount of data - Security improvement using Brakeman [Acquired skills] - Performance improvement for processing millions of data units [Comments]		<input type="checkbox"/> Research/Requirements gathering.	Position <input type="checkbox"/> PM (Project Manager) <input type="checkbox"/> PL (Programming) <input type="checkbox"/> Sub-leader/Assistant <input type="checkbox"/> BrSE <input checked="" type="checkbox"/> Members
			Language: Ruby On Rails	<input type="checkbox"/> Basic design	
			OS: Linux	<input type="checkbox"/> Detailed design	
			DB: Postgres	<input checked="" type="checkbox"/> Implementation	
				<input checked="" type="checkbox"/> Unit testing	
				<input type="checkbox"/> Integration testing	
				<input type="checkbox"/> System testing	
				<input type="checkbox"/> Monitoring operation	
				<input type="checkbox"/> Acceptance test	
				<input type="checkbox"/> Others	

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
5	8/2021 ~ 12/2021	[Company] ITSOL [Project Name] RODDIO [Business Field]: Ecommerce sites [Assigned Tasks] - Design from requirements. - Build and implement DB, test, and deliver. [Acquired Skills] - Nestjs, Nextjs [Comments]		<input type="checkbox"/> Research/Requirements gathering.	Position <input type="checkbox"/> PM (Project Manager) <input type="checkbox"/> PL (Programming) <input type="checkbox"/> Sub-leader/Assistant <input type="checkbox"/> BrSE <input checked="" type="checkbox"/> Members
			Language: javascripts	<input type="checkbox"/> Basic design	
			OS: Linux	<input checked="" type="checkbox"/> Detailed design	
			DB: MySQL	<input checked="" type="checkbox"/> Implementation	
				<input checked="" type="checkbox"/> Unit testing	
				<input type="checkbox"/> Integration testing	
				<input type="checkbox"/> System testing	
				<input type="checkbox"/> Monitoring operation	
				<input type="checkbox"/> Acceptance test	
				<input type="checkbox"/> Others	

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
6	12/2022 ~ 4/2022	[Company]: ITSOL [Project Name]: ITSOL - EMAIL [Business Field]: ERP System [Assigned Tasks] - Implement from detailed configuration settings. - Test and hand over to the Japan team. [Skills Required] - ROR skills, collaboration with multinational teams. [Comments]		<input type="checkbox"/> Research/Requirements gathering.	Position <input type="checkbox"/> PM (Project Manager) <input type="checkbox"/> PL (Programming) <input type="checkbox"/> Sub-leader/Assistant <input type="checkbox"/> BrSE <input checked="" type="checkbox"/> Members
			Language: ReactJs	<input type="checkbox"/> Basic design	
			OS: Linux	<input checked="" type="checkbox"/> Detailed design	
			DB: MySQL	<input checked="" type="checkbox"/> Implementation	
				<input checked="" type="checkbox"/> Unit testing	
				<input type="checkbox"/> Integration testing	
				<input type="checkbox"/> System testing	
				<input type="checkbox"/> Monitoring operation	
				<input type="checkbox"/> Acceptance test	
				<input type="checkbox"/> Others	

NO.	Duration		Development environment (OS/DB/Language etc.)	Work	
7	4/2022 ~ 5/2023	[Company] ITSOL [Project Name] ECO [Business Field]: Platform [Assigned Tasks] - Implement from detailed configuration settings - Test and hand over to the Japanese team. [Acquired Skills] - ROR skills, collaboration with multinational teams [Comments]		<input checked="" type="checkbox"/> Research/Requirements gathering.	Position <input type="checkbox"/> PM (Project Manager) <input type="checkbox"/> PL (Programming) <input type="checkbox"/> Sub-leader/Assistant <input type="checkbox"/> BrSE
			Language: Ruby (ROR)	<input checked="" type="checkbox"/> Basic design	
			OS: Linux	<input type="checkbox"/> Detailed design	
			DB: Postgresql	<input checked="" type="checkbox"/> Implementation	
				<input type="checkbox"/> Unit testing	
				<input type="checkbox"/> Integration testing	
				<input type="checkbox"/> System testing	
				<input type="checkbox"/> Monitoring operation
